

CAREER OPPORTUNITY: INTERMEDIATE HYDROGEOLOGIST

LOCATION: Burnaby or Abbotsford, BC

DURATION: Permanent full time, starting immediately

WAGE: \$85,000 to 100,000

1 WHO WE ARE

Active Earth Engineering Ltd. is a dynamic engineering and consulting firm that has completed thousands of projects across BC.

We genuinely enjoy working together and love what we do. We have built a truly unique team of 35 talented and passionate individuals, including technical professionals and support staff. Our staff are our greatest asset, and we treat them as such. We are proud of the culture we've created together, and we are optimistic for the future.

Our company was created in 2007 by a small group of like-minded professionals who sought to build a unique consulting firm. We specialize in hydrogeological engineering, environmental investigation and remediation, and geotechnical engineering. Our clients include government agencies, property owners, contractors, developers, realtors, architects, and other professional firms. We provide top-tier services that are tailored to our clients' needs, at competitive prices.

2 OUR HYDROGEOLOGY TEAM

Our team of talented hydrogeologists are experts in aquifer characterization, production well design and testing, environmental impact assessments, on-site sewage disposal, stormwater infiltration and drainage, construction dewatering, groundwater-surface water interaction, water licensing and approvals under the Water Sustainability Act, modeling, and contaminant fate and transport. We are truly collaborative, supportive, and passionate about groundwater!

3 CURRENT OPPORTUNITY

We are seeking a talented **Intermediate Hydrogeologist** to join our team as we continue to grow.

This professional will provide field and technical support for a range of projects and clients, under the guidance and mentorship of a Senior Hydrogeologist.

The successful candidate will:

- Hold a bachelor's or master's degree in geological engineering or geological sciences.
- Be registered or eligible for registration as a P.Geo./P.Eng. in BC
- Have a minimum of 1 to 5 years of consulting or industry experience in hydrogeology **in BC**.
- Be able and willing to travel regularly to project sites throughout the Fraser Valley to meet with clients, assist with staff training, supervise/conduct fieldwork, etc.
- Be located within or near the Fraser Valley (preferred) or Metro Vancouver Office.
- Ideally possess some working knowledge of small water supply systems, well design and testing, stormwater and wastewater management, hydrology and water treatment.
- Be proficient in standard desktop software (Word, Excel, Acrobat, etc.) and be comfortable with mobile apps and cloud-based software.
- Possess a demonstrated ability and aptitude to:
 - Prepare technical reports and proposals.
 - Work both collaboratively and independently, as warranted.
 - Complete project objectives within schedule and budget constraints.
 - Manage multiple tasks simultaneous and effectively.
 - Communicate clearly in English, both orally and in writing.
 - Direct subcontractors in a sound, safe, and respectful manner.
 - Participate fully in our mentoring program and contribute positively to the company culture.

4 PAY, BENEFITS & HOURS

We offer a **competitive vacation policy, paid sick days**, an **extended medical and dental benefits plan**, an industry-leading **profit-sharing program**, and an **energetic and truly collaborative working environment**.

This will be permanent fulltime salary position, with a minimum of three weeks paid annual vacation (to be negotiated), and five days of paid sick leave. Salary will be commensurate with experience and will be negotiated. We anticipate a starting salary between \$85,000 and \$100,000.

5 APPLICATIONS

Interested applicants should submit a resume and cover letter to employment@activeearth.ca. Any questions may be directed to Melissa Taylor at 778-548-5641.
